

MILWAUKEE RADIO AMATEURS' CLUB INC.
MEETING: February 6, 1969
Milwaukee School of Engineering

The meeting was called to order at 8:09 by Travis Baird.

The minutes of the December meeting were read and approved.

The Treasurer reported a current balance of \$787.55 on hand. It was suggested that the present account at the St Francis Building & Loan be changed to a different type which might pay more interest. Before any such change can be made, it will be necessary to locate all the holders of Deposit Box Keys. This is to be done.

A letter of greetings to the club, from George Greeson, was read.

A letter from the Pabst Brewery confirming the date of January 8, ~~196~~ 1970 for the next Old Timers' Night, was read.

Several ARRL Bullitens were read.

Russ Burss, W9RKP, reported that about 75 tickets have been sold for the Feb. 15 Valentine Day Party. He urged all who could to attend and stressed that attendance is not limited to club members. In order to be a financial success it will be necessary to sell at least 100 tickets.

The Club sponsored Ten Meter Code practice sessions were discussed. The response has been almost nonexistent. It was decided to continue the sessions for another month, announcing during each session that they will be ended unless enough requests for continuing are received.

The prospect of the club organizing future "Ground Hog Ham Fests," such as the ones previously held in Watertown, was discussed. No conclusion was reached.

Interesting band and station activity reports were given by each member present.

The meeting was adjourned at 9:52 PM.
